

CAPPING OFF

I felt that it would be fun [for my brother] to design [my graduation cap] because I really like his style. I really love how it turned out.

OWEN RICE

THE YEAR

I decided to incorporate embroidery into my grad cap with the flowers that make up the Barnard logo because embroidery is a hobby I'm very passionate about and I wanted to design a unique cap that I knew nobody else would have.

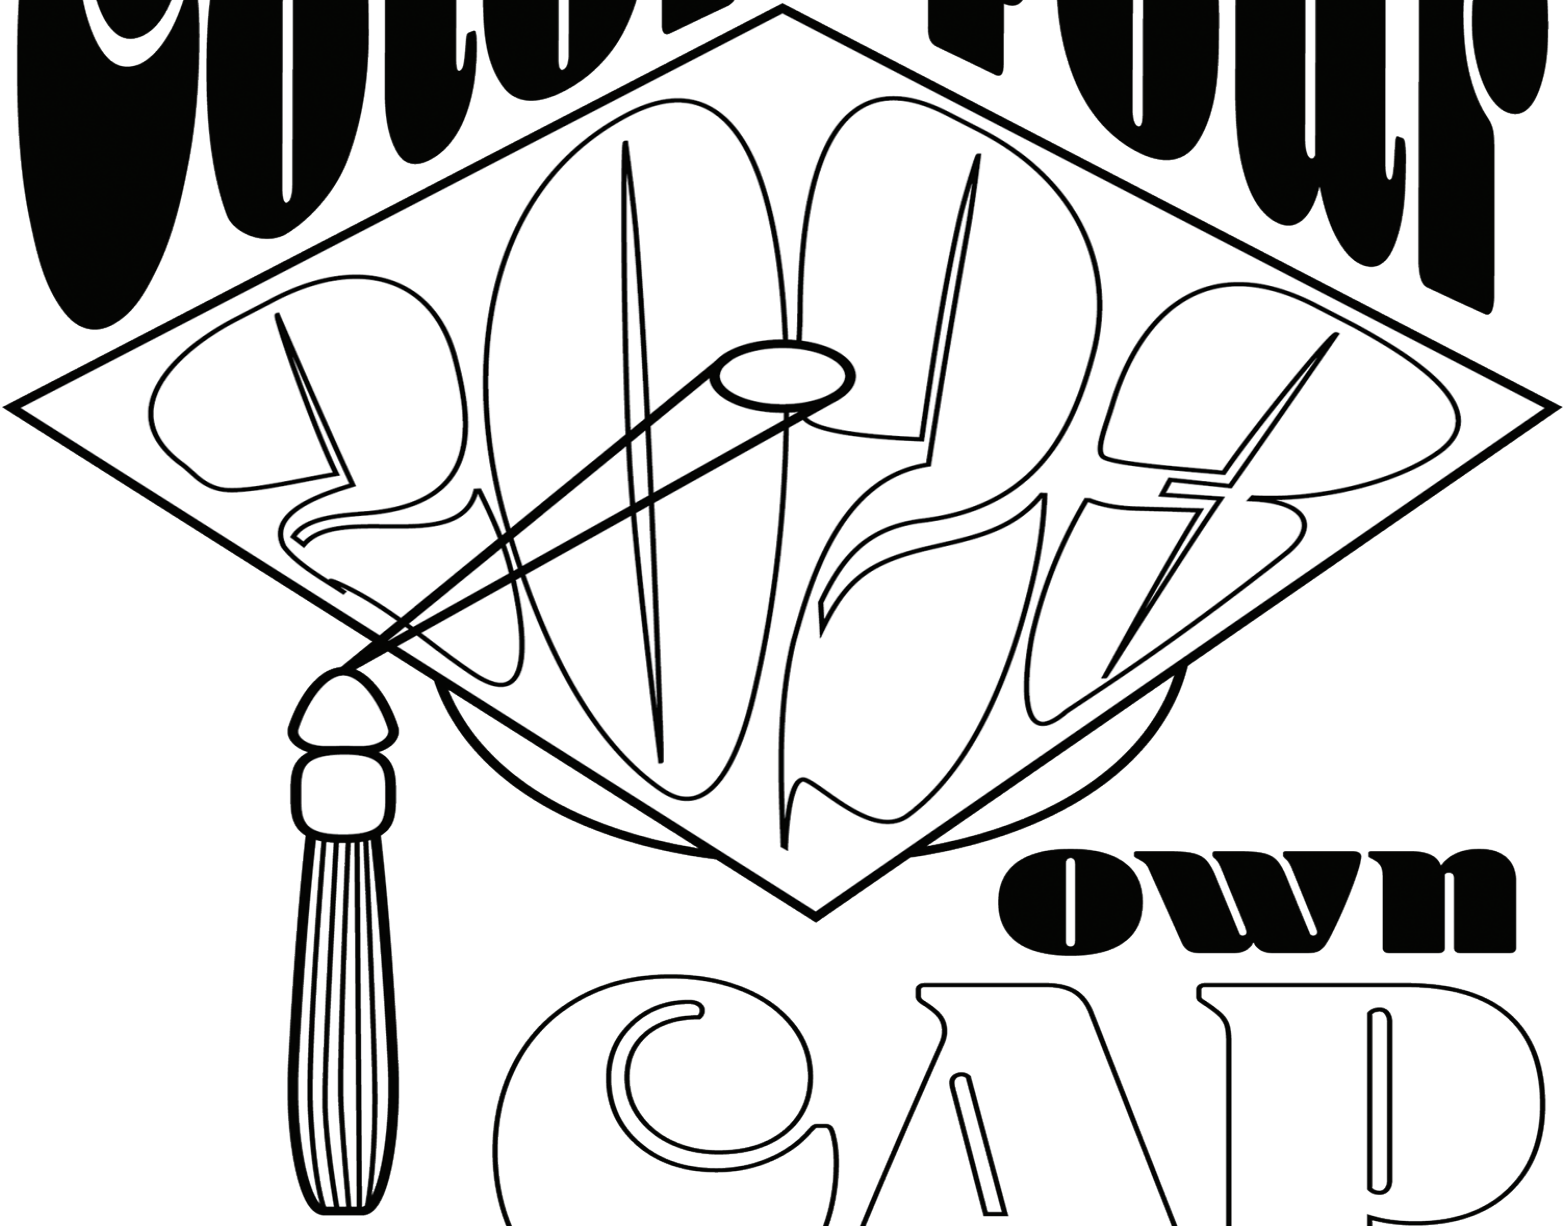

EMMA JOING

I wanted to incorporate the Cal mascot (the bear) [on my grad cap] and I felt like the yellow flowers made it feel like California.
