

SENIOR WHEELS

Paly Seniors celebrate their last year by being creative with their cars

CARS AROUND Paly

CATE GRANNEY

"My favorite part was being able to do it with my friends I've had since middle school. I don't think when we were 12 we were thinking about potentially decorating our senior cars together one day. It was a heartwarming experience."

GRADY McCARTER

"I was inspired to do senior car decorating by my friends. We decided decorating is a fun way to be spirited and make my final year memorable."

SADIE VOORHEES

IZZY BIENAIME

"When I see other decorated cars around Paly, it puts a smile on my face because I feel really connected to the senior class."

"My favorite part about decorating my car was watching the sunset while doing it and just overall getting excited for the first day [of school]."
